Accessing the Online Library
2. Hover over “Online Library” on the navigation menu.
3. Make your selection from the drop down list.
4. Use your library barcode number to access resources.
5. You may be prompted to set up a user name and password.

Important Considerations
1. Student library cards are active for a full school year and through the following summer.
2. Delta County Libraries will issue new cards every August.
3. Student cards can be utilized for online library resources and on-site technology at the library.
4. Physical materials are not available for checkout with a student card.
5. If you would like a full access library card, please visit your local library with a photo ID, proof of address, and a parent/guardian if under 16 years old.
6. Ask a teacher if you have any questions about your student library card.
**Student Library Cards**

**EBSCO.** Research databases with access to scholarly journals, news magazines, and newspapers, many with full-text and images.

**Explora for High School.** Provides a safe, trustworthy environment for students to look up articles and facts for research papers, class projects, or homework.

**Britannica Library.** With three levels of learning—Children, Young Adult, and Reference Center—Britannica offers extensive articles, photos, videos, and other features to meet and exceed your online encyclopedia needs.

**Mango Languages.** Mango is an online language learning system that teaches real conversation skills for practical communication. Through fun and engaging interactive lessons, Mango makes learning a new language fast, easy and incredibly effective.

**Points of View Reference Center.** An interface intended for public, academic, and high school libraries designed to assist researchers in understanding the full scope of controversial subjects.

**OverDrive.** OverDrive provides thousands of popular downloadable books, audiobooks, and videos for all ages.

**Universal Class.** Over 500 online continuing education classes, including health and medicine, general education, career training, and computer skills courses.
